### **Qualified Business Income**

For taxable years beginning in 2021, the threshold amount under Section 199A(e)(2) is \$329,800 for married individuals filing jointly, \$164,925 for married individuals filing separately, and \$164,900 for unmarried individuals and heads of households.

[The Tax Cuts and Jobs Act](#) (TCJA) reduced the U.S. federal corporate income tax rate from 35 percent to 21 percent.

<b>Standard Deductions</b>			
Married Filing Jointly and Surviving Spouse	\$25,100	Married Filing Separately	\$12,550
Single	\$12,550	Head of Household	\$18,800

<b>Kiddie Tax</b>
Applies to unearned income more than \$2,200 for children younger than 18 (and full-time students between ages 19 and 24 whose earned income does not exceed half of their support for the year).
The TCJA modified the tax rates and brackets to calculate the tax on unearned income. The SECURE Act of 2019, however, rolled back the kiddie tax to pre-2018 rules. Therefore, net unearned income over the threshold amount of \$2,200 for 2020 is taxed using the parents' tax rates.
